REMOTE BULKHEAD FITTINGS

A SIMPLE SOLUTION TO CLEANLY ROUTE HOSES

Our remote bulkhead fittings offer boaters a simple solution to cleanly route hoses through the hull while maintaining safety and aesthetics. Dometic's remote bulkhead fittings come in both single and dual hose applications for ultimate customization. Stainless steel options provide cleaner styling and corrosion resistance while blending in with your boat's stainless trim.

Key Benefits

- Field installable series of products reduces the amount of stocking hose SKU's by allowing the user to install these on a standard hose kit
- Split grommet design allows for easy installation onto a hose assembly
- Increased inner diameter of plastic base plate simplifies fitting installation by allowing crimped hose fitting to pass through the base plate
- Stainless steel cover plates available for both single and dual applications provide cost effective cosmetic upgrade
